

## HOW TO HANG AND LOCK PICTURES TO THE WALL

- Hang your picture using Smart Hangers. Following hanging steps.
- Take your picture off the wall and lay flat face down.
- Attach a 3M Command Strip to the center bottom rung by pressing two halves together. Remove release liner on one side and stick it to the bottom rung.
- Remove second release liner on the Command Strip.
- Time to hang and lock your picture to the wall.
- Keeping the bottom of your frame away from the wall, hook the Smart Hangers onto the fasteners, then let the bottom of the frame swing against the wall. Press to make sure Command Strip is sealed to the wall.
- Stand back and admire your work!
